Press Release

Blood Drive organized by MKSU and MMSA on university campus – a success!

MKSU (Moviment Kattoliku Studenti Universitarji) would like to thank MMSA for their collaboration in organizing yet another Blood Drive where an awareness on campus was made about blood donation. This year, the activity resulted to be a success as no problems arose and both organizations together with the Blood Unit were satisfied with the response given by students. The activity was held for two days; the 9th and 10th of December from 9am till 1pm. In total, 70 students showed up willing to donate blood, even though 53 youngsters were eligible to help in saving lives. Each day 35 students showed interest in helping out. On the first day 22 out of 35 could donate blood whereas the second day proved to be more successful as 31 students could give their contribution. For this reason, we want to give a big thank you to all the students taking part, not only those who could donate blood but even those who plucked up some courage and showed interest.
